

Welcome to Kop & Hagen

Discover the Danish Art of Living Well

The natural warmth and sophisticated modern feel of contemporary Scandinavian design is emulated around the world. Stemming from the Danish concept of well-being, or "Hygge", this style's fine craftsmanship, efficient use of space and resources, and thoughtful attention to detail create the perfect blend of form and function.

Kop & Hagen is here to bring that life-enriching design to your home. Join us in embracing the simple pleasures that make life so worthwhile, from the comfort of a double-walled cup of hot coffee, to sunlight reflecting off the surface of a geometric cocktail glass.
