Business Formation in UAE

UAE Free zones are attractive jurisdictions for investors who want to have 100% ownership of their businesses. The idea of a “Free Zone” has been established internationally as a model to develop and promote business in many countries. UAE Free Zones are offering 100% foreign ownership, zero tax percentage and allow full repatriation of capital and profits without any restrictions. It is also an opportunity to secure UAE residence visas. A free zone is usually meant for carrying out a specific kind of business, so you should only set up your business in the right free zone. You can check about this beforehand by speaking with our business setup consultants.

Main Land

The Department of Economic Development (DED) was initiated with a mission to contribute to economic planning and business sector regulation by recommending policies and preparing development programmes and projects by developing the best resources possible.

- ✓ Contributing to achieve Dubai Government’s vision and developing the different economic sectors.
- ✓ Prepare a competitive investment environment to attract local and foreign investment and organizing the business sector according to best practices.
- ✓ Provide the best human, financial and technical resource and supportive environment for creativity and excellence.

Many foreign investors and entrepreneurs are eager to conduct their business activity across Dubai with no restrictions. Dubai Mainland (DED) offers a number of options open to international companies and foreign investors including commercial, professional or branch offices. With a DED trade license, there are far greater advantages including a wider variety of business activities, no limit on the number of visas and more. Dubai mainland is the preferred destination for many investors for company formation. The reason behind the popularity of Dubai mainland is the freedom to do business anywhere in Dubai and UAE.

Off-Shore

Offshore Company, most commonly termed as International Business Company or a Non-Resident Company, is a legal structure which provides for a low/No-tax environment for an entity or an individual which in turn minimizes tax burdens and improves wealth management.

Highlights of Offshore License

- ✓ 100% foreign ownership is allowed
- ✓ No foreign currency restrictions
- ✓ 0% Tax and 0% VAT
- ✓ There is no physical office required
- ✓ Highest privacy and confidentiality
- ✓ Asset protection
- ✓ Bank account opening, including online banking and debit card
- ✓ Full nominee services to protect your privacy (optional)
- ✓ International financial diversification
- ✓ Business expansion

There are a number of reasons why many private individuals and companies incorporate an offshore company. Offshore companies provide a high level of confidentiality and privacy protection, 100% company ownership and asset protection.
